Next General Resident Meeting

Tuesday, January 24th, 7:00 PM

- BID Character
- Increased Building Heights
- Density Panel Discussion

NEXT NEIGHBORHOOD MEETING

Tuesday, January 24, 2012; 7:00 PM

Daniels Fund Building (Corner of 1st Avenue and Monroe Street – Use Parking Lot)

TOPICS AND SPEAKERS:

BID Character, Increased Heights, and Density: Panel Discussion

Resident Survey Results: CCNNA Board

REFRESHMENTS: *Bisque*, 2817 E. 3rd Avenue (303-955-7940)

BID Character, Increased Building Heights and Density — The Cherry Creek Area Plan update is being completed with increased heights, density, and hotels being discussed in the economic development planning for the Cherry Creek Business Improvement District. A panel consisting of Councilwoman Jeanne Robb and CCNNA, Planning, and other representatives will present views on these issues and address your questions.

Resident Survey Results — The results of this important resident survey on BID character and building heights and density will be presented by the CCNNA Board and discussed with residents. Survey results will be used to form CCNNA's position on these critical issues.

Restaurant — According to Bisque's chef, Gino Marrone, his philosophy is "cooking and serving food with integrity, using ingredients recognizable to the eye and palate". Bisque is open for lunch Tuesday through Friday from 11 a.m. to 2 p.m.; dinner service is Tuesday through Saturday from 5 p.m. to close; brunch hours are Saturday and Sunday from 9 a.m. to 2 p.m.; and cocktail hour is Tuesday through Friday from 5 to 7 p.m.

COLUMBINE STREET EAST SIDE DEVELOPMENT

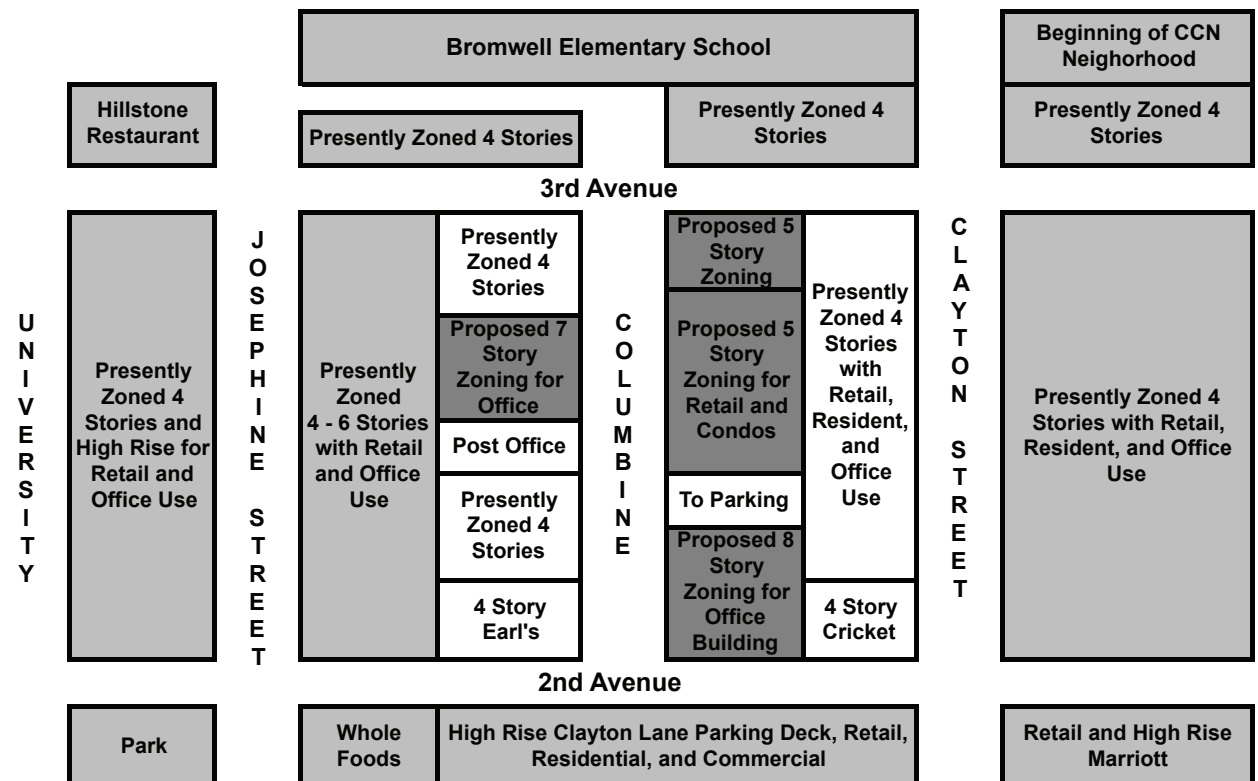

In December, Western Development Group submitted an application to the City to rezone the east side of Columbine Street from CCN Zoning to CM-X-5 and CM-X-8 Zoning. This new City zoning will allow five and eight story maximum building heights without the present density limitations of CCN District Zoning. The components of this proposed development follow below, and a location diagram is shown on the next page map:

- **8 Story Office Building** – This building will have first floor retail and seven Class A office floors, comprising 70,000 square feet of space and eight stories or 112 feet in height. This high rise building would be constructed on the corner of 2nd Avenue and Columbine where the former Toast Restaurant was housed.
- **5 Story Condominium Building** – In the middle of the block a 5 story or 70 foot high retail and condominium building is proposed. The building is defined for 4 stories of residential space above the first floor of retail.
- **3 Story Condominium Building** – Although a five story zoning request has been made for the site, a three story building is proposed, which would house two floors of residential space above a first floor of retail.
- **Retail Space** – The retail space for this development will be 38,000 square feet combined for all buildings.
- **Parking** – Parking will be below all buildings with ingress and egress off Columbine Street and the alley.
- **Traffic Engineering Study** – Since the amount and the flow of traffic from this large development is of great concern to the Cherry Creek North and Country Club neighborhoods, Western Development has assured the CCNNA Board that the required traffic engineering study will be performed in early 2012 prior to any rezoning approval.

The study of Columbine traffic congestion and flow is critical, especially with the addition of the seven story office building being proposed for the old post office site across from this Western Development project.

COLUMBINE STREET DEVELOPMENT

Columbine Street may begin to be transformed into high rise buildings similar to the buildings on 1st Avenue. Due to the lack of access to 1st Avenue and the traffic difficulties at Josephine and University, can traffic from proposed increased height buildings on Columbine be prevented from the entering Country Club and CCN neighborhoods? Will these initial high rise buildings be the overall BID building future in the Cherry Creek Area Plan?

BID CHARACTER, INCREASED BUILDING HEIGHTS, AND DENSITY SURVEY

All Cherry Creek North residents are encouraged to participate in this important survey on issues that may have great impact on the CCN neighborhood. Go to the CCNA website (www.ccnneighbors.com) for survey access.

CHERRY CREEK THEATRE - 2012 SEASON

Following their very successful initial season, Cherry Creek Theatre is pleased to announce the 2012 season. Board Chairman and Theatre Co-Founder, Mark Rossman announced that for the second season, the theatre will be producing:

- 1. Proof** by David Auburn from Friday, March 3rd through Sunday, March 25th. The play won the 2001 Pulitzer Prize for Drama and Tony Award for Best Play and concerns Catherine, the daughter of Robert, a recently deceased mathematical genius in his fifties and professor at the University of Chicago, and her struggle with mathematical genius and mental illness.
- 2. A Grand Night For Singing**, the second play, is the Rogers and Hammerstein classic from Friday, June 1st through Sunday, June 24th.
- 3.** The final production is **Visiting Mr. Green** by American playwright Jeff Barron from Friday, October 5th through Sunday, October 28th.

All productions will held at the Shaver-Ramsey Gallery, 2414 E. 3rd Avenue in Cherry Creek. Friday and Saturday performances will start at 7:30. Sunday performances will start at 6:30. Tickets are \$25.00 each or two for \$50.00 and can be purchased online at www.cherrycreektheatre.org or by calling the box office at 303-800-6578. Season tickets can be purchased at the website.
